OUR COMPETENCIES

INDUSTRY EXPERTISE:

Our companies bring years of expertise to the table, crafting natural biostimulants and harnessing the power of biocontrol to elevate crop productivity.

COLLABORATIVE ECOSYSTEM:

We believe in the power of partnerships. Our collaborative ecosystem unites academia, industry, and government, propelling agribusiness growth through knowledge exchange and innovation. This is enhanced by the Regional Smart Specialisation Strategy Partnership 'Digibiocontrol'.

RESPONSIBLE AGRICULTURE:

Join us in prioritizing environmental harmony. Our solutions enable residue-free produce and eco-conscious practices that resonate with today's environmentally conscious consumers.

AMBITION BEYOND BORDERS:

We aspire to be a global leader in sustainable agriculture, demonstrating our expertise and innovative solutions worldwide.

WITH THE SUPPORT OF

**BELGIUM-WALLONIA
LEADER SECTOR
IN SUSTAINABLE
AGRICULTURE**

AGRIBIO CARE

Ingredients

- In-can preservatives
- Adjuvants
- Solvents
- PGPR microorganisms
- Fungal chitosan

Formulated products

APPLICATIONS:

- Seed coating
- Foliar application
- Soil amendment

DEFENSE:

- Biocontrol (biopesticide, biofungicide, bioherbicide)
- Elicitor of plant defense
- Abiotic stresses

GROWTH:

- Biofertiliser and Biostimulant
- Increase germination speed and rate
- Protection against pathogens
- Plant vigour stimulation

A to Z Project management & Consultancy

- Contract research organisations
- R&D and formulation assistance
- Product development & registration
- GEP Worldwide Trials
- Regulatory services
- Trainings
